Workshop for Class IV by HT PACE

Topic : Story Telling

A workshop on 'The Art of Story Telling' was organized for Class IV. The resource person, Ms. Salena, focused on various points to be kept in mind while writing and creating good and mesmerizing stories. The children were taught to narrate expressive stories with varied expressions and dialogue delivery. Students were given an opportunity to narrate stories and express their emotions through them. It was a highly enriching session wherein students learnt the important tools required to weave an effective story with their creativity and expression.

The workshop focused on helping children understand and realize that a story is very different from a report.
